

Michael Vok

Letter of intent

Portfolio

To Whom it May Concern,

My name is Michael Vok, and I am writing to you today to submit my resume for consideration in your studio. As an animator with nearly than three years of experience in the field, I am very interested in opportunities to bring that experience and growth to this company.

With nearly three years of experiencing in programs and tools in several Adobe and Autodesk products in the fields of film production, animation, and game design, I am confident in my ability to work along side others and help create a positive, creative presence to the field. I have been involved in several weekend-long Game Jam events in which I was involved with creating assets for a videogame that a team of asset creators, programmers, and I were given 48 hours to create. I work well in both 3D and 2D animation/illustration. While I have gained invaluable experience during my time at Alfred State College, I wish to begin working in a true work environment. I believe I can become a valuable asset to your team.

I have much of my work available at mikevok.portfoliobox.net. The aforementioned link has available my resume, demo reel, and a large array of work that I have done. I look forward to your response and to speak with you further. Thank you for your time and consideration.

Regards,

Michael Vok
